FOR IMMEDIATE RELEASE

**Finys Announces Partnership With MSO To Offer Core Insurance Software Solutions To Their Membership**

**Glen Rock, NJ, April 2017** – MSO, Inc. (The Mutual Service Office, Inc.) has announced that they have partnered with Finys, a leading national provider of insurance software and services.

According to Scott Hinz, Director of Sales at Finys, "We are excited about partnering with MSO to offer innovative core insurance software solutions to their membership."

Jan Scites, CEO at MSO adds "Finys is a welcome addition to our vendor partner program serving the MSO member companies. They have special expertise in the area of optimized software development, which is so important to improving the operations and Workflow of the small to medium carrier."

Finys is a modern enterprise platform with more than 25 implementations for property and casualty (PC) insurance organizations. For information on Finys, contact Scott Hinz at shinz@finys.com or (248) 833-1805. Additional information is available online at [www.finys.com](http://www.finys.com).
